

BROADCAST SPREADERS

70RD/70HD/100HD

GENERAL SPECIFICATIONS

70HD/100HD

- Two year warranty
- Stainless Steel frame system provides years of corrosion free spreading
- 13" pneumatic tires minimizes push effort
- Ergonomic handles virtually eliminates operator fatigue
- Standard sidewalk deflector provides spread pattern control
- Spreads up to 18' for increased productivity

70RD

- Two year warranty
- 10" pneumatic tires minimize push effort
- Powder coated frame is welded and epoxy coated for durability
- Spreads up to 12' to maximize productivity

Magnum's 70RD, 70HD and 100HD are compact, tough and built to handle the extreme temperatures, moisture, and corrosive materials typically found in year-round grounds maintenance use. Both are specifically designed for topdress sand, icemelt, limestone and fertilizer applications.

Features	Benefits
Performance Advantages	
Large, heavy duty Nylatron gears	Superior durability
1.3 cubic foot polypropylene hopper (70 series)	Carries up to 70 lbs of material
1.8 cubic foot polypropylene hopper (100 series)	Carries up to 100 lbs of material
Productivity Advantages	
Quick release gear cover	Easy servicing
Self-lubricating bearings/bushings	Excellent wear and load carrying performance
Standard see-through cover	Keeps weather out and material in

RD Series

HD Series

Stainless Steel Walk-Behind

GENERAL SPECIFICATIONS

Stainless Steel Walk-Behind Drop Spreader

- Two year warranty
- Stainless steel hopper and carbon steel frame
- Spreads salt, 50/50 salt-sand and sand

Magnum's Stainless Steel Walk-Behind Drop Spreader is the perfect choice for spreading material on walkways, paths, or anywhere you need exact material placement. Hopper and major components are constructed using corrosion resistant stainless steel. Spreads salt, sand or 50/50 mixture of salt/sand.

Features	Benefits
Performance Advantages	
Stainless Steel Hopper	Carries up to 100 lbs of material
Salt Crusher	Crushes clumps for even coverage
Winter Tires	For better grip on snow and ice
Productivity Advantages	
Self-lubricating bearings/bushings	Excellent wear and load carrying performance
Standard see-through cover	Keeps weather out and material in

BROADCAST SPREADERS

HOTSHOT 85 / HOTSHOT 120

Treats sidewalks and walkways with 10 ft. spread width and large 85 lb or 120 lb hopper capacity. The rustproof poly hopper and spread plate eliminate corrosion. Pneumatic tires poly hopper and spread plate eliminate corrosion.

GENERAL SPECIFICATIONS

HOTSHOT 85

- 85 lb. capacity
- Pneumatic tires minimize push effort
- Polyethylene hopper, powder painted steel frame
- Spread width 3-10 feet
- Spreads rock salt, or other free flowing granular material
- 1 year warranty

HOTSHOT 120

- 120 lb. capacity
- Pneumatic tires minimize push effort
- Deflector shield for controlling material placement
- 120 lb. capacity
- Polyethylene hopper, powder painted steel frame
- Spread width 3-10 feet
- Spreads rock salt, or other free flowing granular material
- 1 year warranty

MATERIAL FLOW CONTROL

Located on handle for easy control.

HOPPER COVER

Keeps your material dry.

Features	Benefits
Adjustable material flow controller on handle	Controls the amount of material spread
Pneumatic tires	Makes it easier to push
Hopper cover	Keeps material dry

JOB SITE TOOLS

STORAGE ZONE

The Storage Zone with reinforced lid and hinges is perfect for storing rock salt, ice melt or anything you need to keep secure and dry. Perfect for tools and work supplies in your garage or truck.

MAGNUM WARRANTY

Magnum offers a two-year* warranty on spreader parts and labor. Replacement parts and accessories sold over the parts counter carry a one-year warranty.

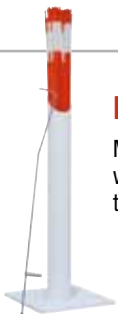

For complete warranty details, visit our website at: www.magnumspreaders.com

Validating your new Magnum Spreader warranty is easy, and it's online. Simply go to www.magnumspreaders.com to register your new Magnum Spreader.

* Magnum HD Tailgate Spreaders carry a three-year warranty on parts and labor.

DRIVEWAY MARKERS

Magnum Driveway Markers are made of sturdy fiberglass to withstand the elements. Florescent orange color along with reflective tape make them highly visible during a snowstorm and after dark.
