 Dimensions (L x H x W): 49" x 35.5" x 25"
 Weight (Empty): 120 lbs.

S1075P HD

S575P HD

The Magnum poly tailgate spreader is available in two models and quickly and easily spreads salt or salt & sand*. Its ½ horsepower direct drive motor and 'blast' feature can produce up to 70 amps of surge power to grind through chunks of salt or salt/sand. Both 750- and 350- pound hoppers are made of extended life polyethylene.

* Optional vibrator kit required to spread a 50/50 blend of dry, free flowing rock salt and sand or sand only.

Features	Benefits
Performance Advantages	
Direct Drive 12 volt high torque motor	Minimizes maintenance costs with less moving parts resulting in increased up time and productivity
Variable speed in cab controls	Provides quick and easy output adjustment
"Blast" Mode	Increases power for 3 seconds to grind through chunks of salt or sand
Productivity Advantages	
Multiple mounting styles	Allows installation on a wide variety of vehicles
5.75 & 10.75 cubic foot capacity hoppers	Extra large capacity reduces loading frequency and increases spreading time
Safety Advantages	
Hi-visibility yellow hopper	Yellow color improves visibility making your vehicle more noticeable

SPEED CONTROLLER
 Features "Blast" mode for grinding through tough chunks of salt.
